WHO WE ARE

Purpose-Led BPM

> **At FiveS Digital, we blend technology and human intelligence to deliver best-in-class BPM solutions. For over 16 years, we've powered AI-backed customer experience and data management services.**

Helping global brands across India, Europe, the USA, and the Middle East transform the way they operate. We're proud to lead with purpose, home to India's first diverse and inclusive BPM centre in Navi Mumbai, where scale meets social impact.

CORE CAPABILITIES

Comprehensive BPM Services

Delivering end-to-end customer experience, voice, non-voice digital triage, and human-led data annotation workflows.

Customer Service Voice | **Customer Service Non Voice**

Gen AI Model Training | **Annotation Services**

Inbound & Outbound Operations

Customer Service Voice

Your Customers Deserve to Be Heard—In Their Language, On Their Terms

Scale your frontline with multilingual specialists delivering human empathy backed by real-time speech analytics, sentiment monitoring, and high first-contact resolution across Tier-2/3 language hubs.
